Revised Dress Code

August 31, 2018

Jr/Sr High School Students & Parents:

ON A TRIAL BASIS: we will allow students to wear leggings that are NOT see-through with a shirt that is long enough to cover their entire posterior. If administration needs to deal with a significant number of students **who do not abide by that rule, then leggings will not be permitted**, and may only be worn under a dress. While on campus, students are to wear leggings appropriately.

ON A TRIAL BASIS: students will be allowed to wear jeans that are shredded with built in patches, or with look-alike holes that have patches or material behind them that show **ZERO skin and do not show undergarments**. Student may not cover holes with duct tape. If students push the boundaries, and dealing with jeans with holes takes up an inordinate amount of the administration's time, **then students will not be allowed to wear jeans with holes of any kind.**
