

# Student Activity Fee

2016-17 School Year

The Williams Valley School District's Board of Education recognizes the importance of athletics, clubs, and extra-curricular activities to a well-rounded education. In addition, "behind the wheel" driver training and the ability of students to drive to school are privileges which Williams Valley continues to provide while many other school districts have ceased to allow them because of the expense the school district incurs. The imposing of a student activity fee helps to defray some of the costs of these programs such as advisor/coach stipends, transportation, materials, uniforms, and equipment thus allowing the programs to continue.

**Please provide the following information. (Check one)**

1. \_\_\_\_\_ My son/daughter will be participating in athletics, clubs, activities, driver training behind the wheel instruction or requesting a parking permit during the 2016-17 school year. I understand that s/he is required to pay the \$20 Student Activity Fee to be eligible for these activities and/or privileges.

**The \$20 fee must be paid when this form is returned.**

2. \_\_\_\_\_ My son/daughter will **not** be participating in athletics, clubs, activities, driver training behind the wheel instruction or requesting a parking permit during the 2016-17 school year.

**No Student Activity Fee is required.**

**Note:** Students who elect to participate in any or all of the above activities must submit this form and the activity fee within the first 5 days of practice or the onset of the organization **to Mrs. Smith in the District Office.** Students who do not submit the form/fee within this time frame will be ineligible to participate in the activity until the form and fee have been submitted. **(Payment shall be made by cash or a check payable to: Williams Valley School District.)**

If a student changes his/her decision and wants to participate in an activity, a new Student Activity Fee Form must be completed and the \$20 Student Activity Fee must be paid before s/he may participate in the activity.
