

Notice of Destruction of Special Education Records

Attention Parents/Guardians, Former Students, Eligible (Adult) Students

Special Education records which have been collected by the Williams Valley School District (WVSD) related to the identification, evaluation, educational placement, or the provision of Special Education in the district, must be maintained under state and federal laws for a period of seven years after Special Educational services have ended for the student. Special Education services end when the student no longer is eligible for services, graduates, completes his or her educational program at age 21 or moves from district.

This notification is to inform parents/guardians and former students of Williams Valley School District's intent to destroy the Special Education records of students who are no longer receiving Special Education services for at least seven (7) years beyond the age of twenty-one (21). These records will be destroyed in accordance with state law unless the parent/guardian or eligible (adult) student notifies the school district otherwise.

After seven years, the records are no longer useful to the district, but they may be useful to the parent/guardian or former student in applying for Social Security benefits, rehabilitation services, college entrance, etc. The parent/guardian or eligible (adult) student may request a copy of the records in writing or in person at the following address:

Williams Valley School District
Attention: Dr. Tammy Chrin
Special Education Office
10400 State Route 209
Tower City, PA 17980

These records will be destroyed after July 31, 2019, if the District does not receive written requests for their contents.

PLEASE NOTE: THIS NOTICE PROVIDES RESIDENT STUDENTS AND THEIR PARENTS WITH NOTICE THAT THE DISTRICT MAY DESTROY RECORDS UNDER THE FOLLOWING CIRCUMSTANCES AND TIMELINES:

- Records that include a student's name, address, grades, attendance records, dates attended, grade level completed and year completed may be destroyed once 7 years have passed since the student's 21st birthday. This would include records for those individuals whose year of birth is 1987 or earlier.
- Special Education records, Section 504 records, Child Study Team records, and health records may be destroyed once ten years have passed from the date a student has graduated or reached graduation age (if exiting the district before graduation) as long as there is no outstanding request to inspect and review the records and the records are no longer deemed useful to the school district.
- Notice of destruction of these records is provided annually via this publication. Educational records of a student are no longer needed by the District to provide educational services at the end of one year following a student's graduation from the District. A parent/guardian may submit a written request for the destruction of all education records at that time.
- Destruction will proceed where parents or eligible students have not requested copies by the first of August each school year. The records may be destroyed as per paragraphs a and b above. Parents or students who are eighteen years of age have the right to request a copy of their record before destruction. Parents are reminded that copies of the records might be needed for the acquisition of Social Security benefits or for other purposes.
